Research on Mindful Eating

This is a partial list of research, articles, and books that support the need for a new approach to eating and health. These references provide evidence for the ineffectiveness of diets and weight-focused programs, and the effectiveness of mindfulness, mindful eating, and weight-neutral interventions.

A Non-Diet Approach to a Sustainable Healthy Lifestyle. Retrieved July 14, 2014 from Am I Hungry? Website: <http://www.amihungry.com/pdf/Non-Diet-Approach-to-Sustainable-Healthy-Lifestyles.pdf>
